

“This documentary is honest scientific information about all vaccines and how crucial they are to community health.”

RADM (ret) Pamela Schweitzer, Pharm.D. Former Assistant Surgeon General

THE PROJECT

This one hour documentary helps address vaccine concerns by explaining why vaccines are safe, crucial to community health and save millions of lives annually. While the project includes Covid vaccination, it **addresses ALL vaccines**. While the project centers on a **broadcast documentary** it also includes short, simple video tools for health professionals and school officials to use when explaining these issues to patients, clients and the public.

THE CONTENT

The documentary covers vaccine history, how they are created, tested and what they contain. It also addresses **misinformation** and how to overcome that “epidemic”. It highlights 1) Accurate / Honest **Science based information**, 2) Clear / **Concise explanations** and 3) **Heartfelt stories**.
